

PRE-MED RESEARCH PROPOSAL PROGRAM

LEAD EXTRACURRICULAR • SPRING 2024

Pre-Med Track

Program Instructor

Dr. Jeenah Clattenburg
Johns Hopkins University
PhD, Human Genetics

Lectures: Mondays @ 6:30pm-8:30pm (2/12-26)

8-Week Online Program For Students in Grades 10-12

February 12 - April 5, 2024

- 2/12 - 2/26** Weekly Lectures (3 Weeks)
- 3/4 - 3/16** One-on-One Guidance (2 Weeks)
- 3/18 - 4/5** Writing Phase (3 Weeks)

The LEAD: Research Proposal Program is a great opportunity to learn and develop your research skills in preparation for college. Students will meet with Elite's expert instructor, Dr. Jeenah Clattenburg, to learn about Pre-Med research methods and to develop their own research proposals.

Interested in a career in science or medicine but have no experience in those fields? Through this program, you'll be able to research a topic specifically related to your college major selection, demonstrate your intellectual curiosity, and express interest in your field of study.

Please contact us for tuition and program details.

Takeaways

- Participating students will leave the program with a 7-10 page research proposal on the topic of their choice
- Passing students will receive a certificate of completion and may be eligible for an official academic achievement (e.g. "Best Proposal in the Field of Human Genetics")
- Students will gain valuable knowledge and experience that can be shared in college application personal statements and supplemental essays
